1.4 Interdisciplinary Seminars in Psychoanalysis

Monday 20th October, 8.15pm in the Lecture Room of the St John's College Research Centre.

Elisa Galgut, University of Capetown - The Marriage of Two Minds: Empathy, Mentalization and the Sonnet

Abstract

Good literature develops the capacity for reflective functioning and mentalization: via complex literary techniques. The novels of Jane Austen or the sonnets of Shakespeare encourage the development of higher order cognitive and emotional capacities, which assist in thinking about our own minds, and the minds of others. The sonnet form in particular, owing to its lyrical nature, encourages introspection self-reflection; this talk, will examine in detail a few select sonnets to illustrate how literary form is able to encourage both self-reflection and empathy and try to show how a psychoanalytic understanding of the emotions sheds light on why poetry moves us the way it does.

The seminar is open free of charge to members of the University and to mental health professionals but space is limited. To attend it is helpful (but not essential) to e-mail paul.tod@sjc.ox.ac.uk

Jobs, Recruitment and Volunteering

3.1 Wanted: Postgrads and Finalist Linguists for Language Sessions

Some of you may have been involved last year in the Access languages collaboration with William Morris Sixth form in Hammersmith. For others, this may be completely new so if interested, please see the attached flyer for further information about this interesting access scheme promoting the study of languages (both modern and oriental) at university.

Pembroke College is looking for postgraduate or final-year undergraduate students of any of the following languages – Arabic, Chinese, French, German, Italian, Japanese, Persian, Portuguese, and Spanish – to lead taster sessions, lasting 45 minutes to an hour, for school students and their teachers on the evening of Thursday 6th November 2015, 5-6pm. The event, taking place in Hammersmith in West London, is part of the launch of the second year programme of the London Centre for Languages and Cultures, an initiative set up in 2013 by Pembroke College Oxford and The Open University to encourage and promote the study of languages, and to enhance the subject knowledge of language students and teachers.

Part of the event will comprise individual language sessions designed to give students a taster of what studying a language at university is like: most of the attendees in your session will already be learners of the language in question, so the aim is not so much to begin to teach them the language *per se*, but to introduce them to a cultural, social, or political topic in their language (such as a novel, a festival, a historical event, musical tradition, etc.), which may nevertheless introduce new vocabulary or grammar. One of the key aims of the Centre is to introduce students to aspects of their chosen language that they are unlikely to have come across in class, giving them a taste of the scope and breadth of university study.

The sessions will take place from 5-6pm, and students leading a session will be paid £25 plus cover of travel expenses to and from London.

If you are interested in leading a session, please could you e-mail Rebecca Wilson (rebecca.wilson@pmb.ox.ac.uk) and the co-ordinator of the programme, Matt Garraghan (mgarraghan@wmsf.ac.uk), stating your language, whether you are postgrad/undergrad, and a brief indication of any experience of teaching/outreach work. It would also be helpful if you could state what topic(s) you may wish to present on, although we do not need full details at this stage. Ideally, could we have applications by Friday 24th October at the latest, so we can confirm seminar details with the visiting schools and final arrangements/practicalities with you.

3.2 Recruiting New Volunteers for Oxford Nightline

Nightline is an independent listening, support, and information service run for students, by students. We aim to provide every student in Oxford with the opportunity to talk to someone in confidence- students can ring us on 01865 270270, or visit our office at 16 Wellington square. We don't pretend to have all the answers, or try to solve people's problems, but we care about whatever is on your mind and we will listen to whatever you want to talk about without judging or telling you what to do.

Every term we run a training course for people who wish to join our team of volunteers. This teaches the listening and support skills you will need to work for us. Training requires commitment, but is a rewarding and worthwhile experience. It consists of three one-day sessions, either on the Saturdays 1st, 8th and 15th November or the Sundays of 2nd, 9th and 16th November.

3.7 Latest Book from the Voltaire Foundation

[Penser l'Europe au XVIIIe siècle: commerce, civilisation, empire](#)

Édité par Antoine Lilti et Céline Spector

Si l'Europe est considérée comme le berceau de la civilisation occidentale, c'est bien au XVIIIe siècle qu'elle est devenue un enjeu philosophique, historique et politique majeur. De Montesquieu à Kant, de Voltaire à Burke ou à Robertson, l'idée d'Europe est au cœur des controverses sur le droit international comme sur l'économie politique, sur la légitimité de l'expansion coloniale comme sur les espoirs d'un monde pacifié. Véritable enquête collective

4.2 French Year Abroad / BBSP - Placement Abroad Offer in Paris / January 2015 start

BBSP specializes in financial market research (technical analysis) and is the market leader in its field. It's based just off the Champs Elysées in Paris and would be a fantastic opportunity for someone interested in a career in the world of finance. Equally, the placement is perfect for anyone hoping to improve their French whilst gaining hands-on work experience with real responsibilities.

With this in mind, we are looking for an intern to start in January 2015 for 6 months working as part of our CRM and Marketing team.

The hours are 8.30-6.00, with one half day off per week. Pay works out at €750/month net for the first three months and €850/month thereafter. Members of staff are also provided with €8 worth of restaurant tickets per day.

BBSP has been using English student interns for many years now and we strongly recommend it to anyone looking for a placement in Paris – it's great experience to work in a French office and the chosen candidate will have real responsibilities and the chance to use their French language skills at all times.

Interested applicants should send their CV and a cover letter in French to Charlotte Milcent at: cmilcent@bbsp.fr

The deadline for applications is the 14th November and shortlisted applicants will be interviewed over the course of the week commencing 17th November 2014.

Should there be any questions about BBSP or the placement, please contact Charlotte on the above email address.

A small English Summer Day Camp running through the summer holidays are looking for 5 - 6 Native English speakers for Summer 2015, for the camp period between July 5 and September 5, 2015. The camps are held in Mödling which is a small town next to the capital city of Austria, Vienna.

The camps will run for 9 weeks through July to beginning of September 2015. Each tutor might have holiday weeks in between (the exact holiday time will be decided just before your arrival; so basically you need to keep free ALL weeks you apply for) and you would be needed as a tutor in the camp weeks from 9-12.30 on Mondays to Fridays. Besides those times you will not have to do a lot, just prepare a bit for the lessons, the camp certificates for the kids etc; in total this will take about 2 hours additional time each week. The rest is free time. They have lots of materials, games, books, worksheets to use with the children so no upfront preparation is necessary! Your job is to come to Austria and use your creativity here to do good teaching using the games and materials they have!

The children will be between 7 and 14 years and although the use of German is not necessary, it can be useful at times and there will also be the opportunity for you to practise your German in a German environment. Groups are between 3 and 9 kids per tutor.

Not only is this a good experience for everyone involved, you will also get a letter of recommendation. Previously they have had tutors from England, America and Australia (some German students, but not all) who say it is a really good experience.

They offer free accommodation here in Mödling (apartments to be shared), including internet access and also pay some pocket money for each camp week (EUR 70 per week). You will have to buy your own food. The camps are mainly inside and more information about the camp location can be found here: www.bookcook.at

They are looking for tutors who are 18 years old or above and of course, should be interested in and enjoy working with children!

During your time here you will have a lot of free time to visit Mödling and Vienna which are both beautiful. You can find more information about Mödling here: www.moedling.at and Vienna is only 40 minutes away by public transport (which is also reasonably priced). You will also receive a bicycle to use in Mödling as it is a very friendly cycling town.

Please send a CV and application to Karin Wessely at wessely@gmail.com
